S. KIAN SENG SDN BHD GROUP OF COMPANIES

SKS Hospitality Banqueting and Equipment

Concierge Equipment

Housekeeping Equipment

**Storage Handling and
Equipment**

S. Kian Seng Sdn. Bhd. (SKS) was established in 1974 with a modest 450 m² factory producing only office chairs. Today, the SKS Group has grown into a globally renowned multinational company with a factory floor space of 55000 m² complete with warehousing solutions. Servicing 9 specific sectors under its own branding, SKS Group has every solution for customers, from small to large projects.

SKS holds the Lloyd's accreditations namely the ISO 9001:2008 (Certificate of Quality Management System) and ISO 13485:2003 (Certificate of Quality Management System for Medical Devices).

SKS factory is made up of semi & fully automated machineries that allow customization at its very best. With cutting edge technologies & pneumatic controls to increase precision, mass production could be run seamlessly & accurately.

With yearly reinvestment into the latest capital equipment, SKS is able to maintain its international status as a full fledged metal fabrication company that is able to produce latest designs and material finishes.

SKS full fledged metal fabrication includes in-house processes as follows:

- Pretreatment Plant
- Laser Cutting 2d & 3d
- Robotic Welding
- Powder Coating
- Chemical Edging
- Chemical Forming
- Chemical Moulding

- Cutting
- Stamping
- Drilling
- Deburring
- Punching
- Bending
- Polishing

- Milling
- Leveling
- Folding
- Metal Forming
- Spot Welding
- Upholstery
- Packing

Supplying over 50 countries, SKS group has established a global presence through recognition of its product quality, innovation, services and capability to meet delivery dates.

BANQUET & CONFERENCE CHAIRS

SKS products offer the highest quality combined with long term durability warranties and industry experience providing an optimum level of service and solution capabilities.

Custom design opportunities are available to assist your project in achieving unique fit out qualities.

SKS are able to offer design assistance with its inhouse design department including custom chairs, tables and storage solutions to suit your site.

Seating layouts and configuration consultation is available to ensure maximization of floor space and seating capacity is achieved.

SPECIFICATIONS

SKS banquet and conference chairs incorporate quality features including:

- Fully welded 19mm square tube steel or 24mm aluminium framing
- Metal thread T nut screw fixing
- Heavy duty stacking bumpers and floor glides
- Flame resistant cold cured polyurethane foam
- Lumbar support (on selected models)
- Contoured seat cushioning
- Powdercoat, chrome, satin chrome and brass frame finishing options
- Extensive fabric range
- Linking option

Convex Table Collection
EP-RCT 30-72

Convex Table is ideal for conference and catering use offering full flexibility of folding legs, honeycomb lightweight top construction.

Sizes:

- 1530 x 500 x 760H mm Rectangular
- 1830 x 500 x 760H mm Rectangular
- 1830 x 560 x 760H mm Rectangular
- 1830 x 760 x 760H mm Rectangular
- 1830 x 760 x 760H mm Crescent
- 1530mmDia. X 760H mm Half Round
- 1830mmDia. X 760H mm Half Round

Options:

- Edge Plus Edging System • PVC Edge • Laminate Top • Enclosed Panels
- Fold Down Modesty Panel Fully • Chrome or Powdercoated Legs

Quantum Table Collection

Quantum Table is designed for function and banquet use and incorporates a sturdy 4 leg folding frame system with honeycomb lightweight top construction.

Sizes:

Convex Panel Table
EP-RCT

FOLDING MODESTY PANEL

Convex Tables are available with unique folding modesty panel option manufactured from laser cut aluminium to provide a practical and corporate designed product.

SLIDE ATTACHED PANEL

Convex Table is available with optional front and side panels to allow complete versatility in utilization of single type of table for many functions.

Sizes: 1830 x 760 x 760Hmm

Options:

- Edge Plus Edging System • PVC Edge • Laminate Top
- Chrome or Powdercoated Legs

Edge Plus table edging system provides the ultimate in design, durability and colour and is available on all Convex and Quantum banqueting and conference tables.

Edge Plus is an injection moulded polyurethane edging that is moulded directly to table top substrate providing a moisture resistant seal that is virtually indestructible.

Edge Plus eliminates the need for table clothes and skirting as Edge Plus edging provides a contemporary and professional edge to conference tables.
